

Y11 Parents' Evening – B Tec Construction Information Sheet

BTEC: Construction Specification (Level 1 Certificate)

<https://qualifications.pearson.com/en/qualifications/btec-entry-level-level-1-and-level-1-introductory/construction-l1-introductory.html#%2Ftab-Certificate>

Examination Information:

There is NO examination in this subject.

The qualification is assessed by the completion of 5 units that are studied across Y10 and Y11. These are internally assessed by school staff and verified by the examination board. Two of these units have already been completed. There are 3 more to complete by the end of Y11.

How you can support your child:

A quiet space to work and a regular routine for completing homework are highly recommended. In order to achieve the best possible overall grade for the remaining assignments, we strongly recommend that students study the assignment briefs (when issued) and the supported documentation carefully to ensure they meet the targeted criteria.

Key Websites:

www.hse.gov.uk - General construction reference

www.citb.org.uk – Information about working in the construction industry and general developments.

Moodle:

Resources are available to students on Moodle. It is important to note that, if students are away from school, there is very little that can be completed outside of school and if assignments are not completed, it may prevent certification at the end of the academic year.

If you have any queries at any time please do not hesitate to contact the Construction Curriculum Area via the school office info@ladymanners.derbyshire.sch.uk
