

Cambridge National Creative iMedia

Cambridge National Creative iMedia: Specification:

<https://www.ocr.org.uk/qualifications/cambridge-nationals/creative-imedia-level-1-2-j834/>

Examination & Coursework Information:

Creative iMedia is assessed using vocational grading: Level 1 or Level 2 Pass, Merit, Distinction or Distinction*.

A single examination (**R093**) is taken in June 2025 covering aspects of pre-production of Creative iMedia related products. The examination is heavily focussed on the theory of the coursework content.

Students have one remaining coursework module to complete:

- **R095 Characters and Comics** is to be completed for submission in the new year.

How you can support your child:

A quiet space to work and a regular routine for completing coursework are highly recommended. Staffed supervision at lunch in ICT5 is available every day.

In order to achieve the best possible overall grade for their Creative iMedia course, we strongly recommend that students supplement their school-based learning by working at home on their projects on a regular basis, if they are not already doing so.

Moodle:

All lessons and resources are available to students on Moodle. Extensive help material is located under the individual module name (R095). It is vital that if students are away from school that they catch up on the lessons that they have missed.

If you have any queries at any time, please do not hesitate to contact the Computing Curriculum Area via the school info@ladymanners.derbyshire.sch.uk
